

To our friends and family,

We appreciate your continued patronage during these unprecedented times. We are thrilled to offer you an outdoor dining experience as we begin Phase 2 and are following all New York State guidelines. Our goal is to keep you and our employees safe. Please do not join us if you are experiencing any symptoms of COVID or are apprehensive about dining out. We continue to offer curbside takeout and free delivery.

As per New York State guidelines to reopening we require:

Face masks or coverings to be worn at all times, unless seated.
Physical/social distancing, please maintain 6 feet between you and other patrons.
One guest in the restroom at a time, which we will monitor for your comfort and safety.

Please do not congregate. We have provided you with multiple hand sanitizing stations, please use as frequently as needed. We thoroughly sanitize each area before and after you, this is time consuming and we ask that you follow the reservation times, so we can allow other guests the same experience. Please wait in your car until your time of reservation.

We have also enacted the following safety measures:
All menus can be viewed using the QR code on your table or viewing our webpage at piccolorestaurant.net. Traditional menus are available should you prefer. In addition frequent hand washing and sanitizing, rigorous cleaning and face masks is required of all staff.

We ask that you remain patient and kind as your server works hard to ensure you have a delicious and enjoyable experience. If you are more comfortable placing your order by text or preordering please see a manager.

We greatly appreciate your patience, understanding and trust. We are grateful and excited to be open and serving you again!

Best regards,

Dean Philippis
